Mr. Craig Camel
333 E. Lancaster Ave. Suite 303
Wynnewood, PA 19096

Dear Craig:

I hope you're doing well.

It's been six months now since you and Hunter did the mold inspection at my business and found where the problem was.

When your dog Hunter found where the mold was I really was surprised that it could be so nasty back there and we had no idea. It was amazing how quickly we started to feel better after we had it cleaned up, we now all feel like we're living in a healthy environment. I haven't heard my daughter wheezing, coughing or walking around here looking sickly since.

I wanted to thank you and let you know how much we appreciate your services and what an improvement our office is.
I'll gladly pay for a box of treats for Hunter, just send me the bill.

Most truly yours,
